January 2012

To Whom It May Concern:

The Label Printers is a participant in UL's Restricted Substances Compliance Solution (RSCS) Program. All of the UL Standard labels and/or UL Standard and Combination holographic labels manufactured by us are part of this program. By being part of the UL Restricted Substance – Product Certification program, both The Label Printers and UL can assure RoHS compliance to our customers worldwide.

The nine groups of labels identified below cover the range of UL Standard labels and/or UL Standard and Combination holographic labels produced under this program.

- C990 (UL Standard and Combination holographic labels printed black)
- C990G (UL Standard and Combination holographic labels printed black)
- G0588 (UL Standard and Combination holographic labels printed green and black)
- G0588G (UL Standard and Combination holographic labels printed green and black)
- R0588 (UL Standard and Combination holographic labels printed red and black)
- R0588G (UL Standard and Combination holographic labels printed red and black)
- E0048 (UL Standard Electric sign labels produce prior to May of 2010)
- ES0048 (UL Standard Electric sign labels produced after May of 2010)
- Custom Label xxxx+ (Custom components combined to produce UL Standard labels not noted above. A current list of UL Standard labels produced by The Label Printers is attached. Components can also be combined to meet many custom labeling requirements.)
